

Breakfast

Provided by the Idaho Environmental Coalition
and Idaho National Laboratory

April 23, 2024

Join us for Up and Atom- May 16, 2024

Join us for Up and Atom Breakfast! The next Breakfast will be held on May 16 at 7:30 a.m. at the College of Eastern Idaho.

This Up and Atom Breakfast will focus on the Idaho Advanced Energy Consortium (IAEC) and their recent creation of a multi-state partnership, the Intermountain-west Nuclear Energy Corridor (INEC). IAEC will discuss the economic impact the recent EDA National Tech Hub Designation will have on eastern Idaho.

IAEC was recently awarded a \$500,000 grant from the U.S Economic Development Administration, as one of the 31 designated Tech Hubs out of over 400 applicants in the U.S. to help the organization prepare an application package for a larger award designed to future the nation's deployment of advanced nuclear technologies. Come and learn how this exciting news could impact you, your company, and the region.

Up and Atom Breakfasts are an opportunity to gather to network and learn more about the developments within the energy sector here in our surrounding communities.

If you are interested in attending this Up and Atom Breakfast, please [RSVP here](#) by Thursday, May, 9, 2024. We hope you will take the opportunity to come join and learn more about IAEC and Tech Hub designations. See you there!

*Let's do
breakfast!*
